## The Klenz® Multi-Purpose Sanitiser:

- Neutralises odour • Reduces risk of Athletes' Foot • Makes shoes last longer
- Boots and shoes are breeding grounds for bacteria and fungal spores that cause athletes' foot and foot odour. They also cause the structure of the boot to deteriorate. Not even washing your boots at 40° in a washing machine will kill them. An 8-minute cycle in the **Klenz® Multi-Purpose Sanitiser** will kill the bacteria and spores in your boots, leaving them free of germs and smelling fresh and clean.

- No Heat • No Liquids • No Strong Chemicals
